

## Post COVID-19 Infection Silver Health Check Package

HK\$2,399

Our “Silver” Post COVID-19 health check is designed to focus on and screen for some of the most worrying post-covid health concerns.

The program includes: general health assessment, SARS - CoV-19 antibody level, complete blood count, cardiac / muscle enzymes, urinalysis, Chest X ray, ECG, and a face-to-face doctor consultation. The assessment will take approximately 30 minutes to complete and the report will be ready in 3-5 days.

Depending on your needs, our Gold and Platinum packages offer an even more comprehensive evaluation of these organ systems, plus others, following covid-19 infection. At Humansa, our aim is to help you to achieve full post-covid recovery while optimizing your health.
